

# Coway BA12

Motorless but with improved functionality -

The new standard for eco-friendly bidet have arrived!

Now the bidet has become hygienic choice for modern people to feel fresh and guard themselves from a variety of diseases.

## Soft-closing seat and lid

The Coway BA12 has a hydraulic damper which closes the seat and lid softly. So it is now noise free and safer.

## Sophisticated design

- Ergonomically designed seat
- Convenient jog-dial controller

Toilet culture is evolving... more convenience with disease prevention!  
As humans have evolved, so should toilet culture.

Bidet

Provide clean water using MF Filter

Prevent secondary contamination on the delicate part caused by polluted water.

Air + function

The cleansing water of Coway BA12 is aerated with 30% of micro-bubbles so that even minute contaminants can be washed away.

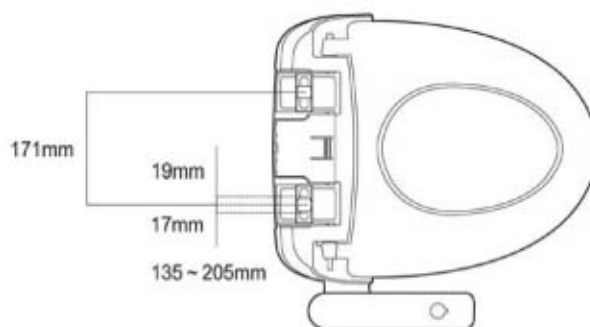

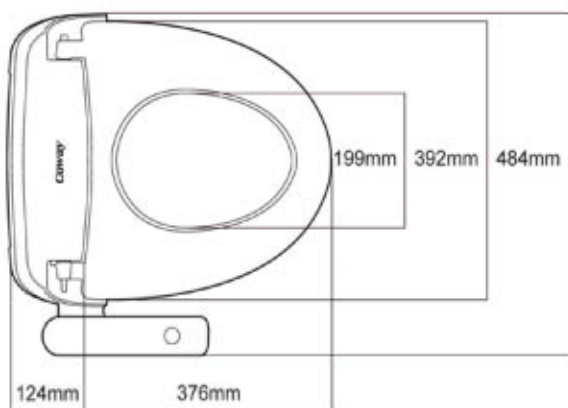

Self-cleaning nozzle

The nozzles are cleaned automatically each time before and after use. This nozzle self-cleaning function makes the use of the bidet more hygienic.

Twin nozzles for hygienic washing

The anal cleansing nozzle and female bidet nozzle are separated for a more hygienic operation.
